MOUNTAIN GOAT [GIDLY silver on the peak Against the sky's blue flood contemplative mountain Pensively chewed his cud.

Had chiseled him from snow And sunlight had put on him a glaze

From horn to flinty toe. Oh, solemnly he held his eyes On the beauty of the plain

Outspread below him in the sun, Shot through with fitful rain: The checkered April-green of field,

The poppy's butter-gold, The valley-mist that draped the With silken fold on fold;

The polished turquoise of the pools Deep in the hills and hollows,

That mirrored the scud of flimsy The satin flight of swallows.

At last he wagged his wisp of beard, Shattered his marble mass, Bleated a dark sardonic "Ba-a-a!" And fell to munching grass. -Lew Sarett, in Poetry, a Magazine

Surfacing of secondary roads so that every town and village may be put in connection with the state road system is one of the aims of the Emmerson administration. For instance, Lee county should have a paved highway from a point on Route 2 near Lee Center, through that town, and running diagonally across the county through West Brooklyn and connecting Compton and Pawpaw with a direct route to the county seat. Harmon should have a paved highway to Dixon. The road to Lowell Park should be paved. All the main roads in the county should be made "all weather" roads.

We hope the legislature will give support to Governor Emmerson's program.

#### RELIEF FOR THE ALIENS.

The Foreign Language Information Service points out a task with which the present Congress might well busy itself -the providing of relief for the thousands of American residents of alien birth who, due to cumbersome laws, are classed as "illegal entrants."

Before our immigration restriction laws became effective in 1921, entering the country illegally was not considered a serious offense, and thousands of immigrants came in without being examined by immigration inspectors. These people, many of them thoroughly Americanized, now find they cannot become citizens because our immigration records do not list them. They cannot be deported, so they remain people without a country.

Secretary of Labor Davis has recommended that Congress remedy this situation by making these aliens eligible for citizenship. It is to be hoped that Congress can find the time and the inclination to do it.

## HALF A BILLION TO CARE FOR WAR **VICTIMS' NEEDS**

Additional Hospital Facilities are Planned by Bureau

Washinton-(AP)-Almost half a billion dollars will be expended by the United States next year in taking care of the problems of the World War veterans and in the administration of the various functions of the Veterans' Bureau.

An appropriation bill reported to the house to provide funds for varous independent government activities included an item of \$499,975,000

This money will be divided so that \$191,450,000 will be for military and aval compensation; \$115,250,000 for insurance, \$112,000,000 for the adjusted compensation, or bonus fund; \$43, 500,000 for salaries and bureau expenses; \$31,650,000 for medical and hospital services and \$6,000,000 for hospitals.

The total amount carried in the bill was \$541,314,144, or \$13,000,000 more than was supplied for the current year. The increase was largely in annual allotment for military and naval insurance and hospital

The \$6,000,000 hospital appropriaion was designed to carry to completion the hospital building program now authorized. The Evangelistic meetings which have been in process at the church came to a close Sunday evening. In spite of the weather, roads and flu epidemic the attendance was good. Meetings were held every night and the interest was very keen. The services proved an inspiration to all.

The Annual Congregational meeting of the Scarboro Evangelical church will convene Tuesday noon, Jan. 21st, at the church. A scramble dinner will be served at noon. At this session the reports of the societies will be given. Two trustees and several other officers are to be elected. Every member of the church should make it a point to be present. Reach for a Lucky instead of a sweet. George M. Cohan, Favorite

1929, The American Tobacco Co., Manufacturer

TO longer need a trim, slender figure be your envy. No longer need you face the rigid requirements of harsh dieting methods. Overweight is banished when you banish fattening sweets and eating between meals and light a Lucky. "Reach for a Lucky instead of a sweet."

George M. Cohan, America's Stage Favorite

20,679 physicians have confirmed the fact that Lucky Strike is less irritating to the throat than other cigarettes. These professional men realize the value of toasting, the secret process that eliminates impurities and irritants. Lucky Strike is a delightful blend of the world's finest tobaccos. And toasting develops a flavor which is a delightful alternative for fattening sweets.

Many prominent athletes testify that Luckies steady their nerves and do not harm their physical condition. Men have long known this and practiced it successfully. These are the men who watch their health, who keep trim and fit, realizing the dangers of overweight. And now, women may enjoy a companionable smoke with their husbands and brothers-at the same time slenderizing in a sensible manner. That's why folks say: "It's good to smoke Luckies."

A reasonable proportion of sugar in the diet is recommended, but the authorities are overwhelming that too many fattening sweets are harmful and that too many such are eaten by the American people. So, for moderation's sake

## MRS. R. R. ROLPH **OF ASHTON PASSED** AWAY YESTERDAY

Death Also Took Mrs. J. A. Schaneberg of **Bradford Town** 

Ashton, Jan. 17-Mrs. Ralph R. Rolph passed away yesterday morning about 1:45 o'clock at the home of her parents, Mr. and Mrs. Oliver W. Griffith, after an illness extending over a number of years. All the care and love that skilled physicians, nurses and anxious household could devise and apply for her comfort and assistance were brought about, but to no avail. The past ten months Mrs. Rolph has made her home with ner parents.

Ellen E. Griffith was the eldest duaghter of Mr. and Mrs. Griffith, and was born in this city November 5, 1895 and attained the age of 33 years, two months and eleven days. She attended the local high school, and graduated with the Class of 1913. Later she attended Cornell College at Mt. Vernon. After completing her education she taught for some time in the high school at Freeport and later one year in Ashon.

On September 2, 1922 she was united in marriage with Rapha R. Rolph, of Freeport, in which city they made their home for some time, later moving to Toledo, Ohio. Later her health declined so that she was blought to the home of her parents, and was frequently visited by her

Mrs. Rolph was a devout member of the Presbyterian church, which she joined April 2nd, 1905, and attended services as long as her health would

Mrs. Rolph is survived by her sorrowing husband her parents, aged grandparents, three sisters, Mrs. Clarence Young of Freeport, Mrs. Wendell Griffith of Chicago; and Miss Myra who is teaching at Bloomfield, Iowa, besides other relatives and a large number of friends.

The funeral services will be held Friday afternoon at two o'clock from tne home of her parents, and at 2:30 o'clock at the Presbyterian church, the services to be conducted by the pastor, Rev. Albert E. Thomas .

Mrs. J. A. Schaneberg Mrs. J. A. Schaneberg, a life-long resident of this community passed away Tuesday evening at 5:20 o'clock at the home of her son Charles, in Bradford township. First pictures of the wreckage of the huge army transport plane, C-2, sister ship of the endurance plane Question Mark, in which eight men were killed in a crash near Middletown, Pa., are shown above. All were soldiers from Bolling Field, Washington. The great tri-motored Fokker, the same type as the famous Question Mark that recently set a new endurance flying record, sideslipped and crashed near a store. The cause of the mishap remains unknown, although the plane was trying to make a forced landing when the crash occurred. It

place, the heart structure has been changed. The valves that regulate tne passage of blood through the heart are the parts usually attacked and they become scarred and shrunken. Endocarditis is the term used to define the acute inflammatory process, and is due to the action of certain micro-organisms that reach the heart through the blood stream. The usual site of origin of these

bacteria is from diseased teeth, dis-bacteria is from diseased teeth, diseased tonsils, adenoids inflammatory conditions of the nose and throat that occur with grippe and the infec-tious diseases such as scarlet fever and measles. It is obvious that if all children wno have had one or more of these disorders developed heart disease, few would escape. As is is, but few of the great family of children do acquire heart disease. Inasmuch as all children at one time or another harbor bacteria that may produce heart disease, and heart disease when contracted is rarely cured. is quite essential to know whether or not there is any predisposing factor in children. Does the child in any way give us warning that he is a suscepible subject?

It is well known that certain family groups possess a diminished resistance to the tubercle bacillus and other diseases. In certain children there exists a physical state, a physiclogic entity, which supplies an inherently tavorable soil (and which may not be experimentally produced) for the development of infecting agencies that may cause rheumatic endocarditis. This type of endocarditis is responsible for over ninety per cent of the cases of organic heart disease in children, and the child with the inherently favorable soil is a potentially cardiac child, in that he is more vulnerable than others to the infecting micro-organisms.

A vast number of children with heart disease have come under my observation in private, hospital and in out-patient practice. It is rare stiffness, sometimes joint pains, pain soreneess, socalled "growing pains,"

## Don't Let That Cold Turn Into "Flu"

That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once.

Rub Musterole on the congested parts and see how quickly it brings relief as effectively as the messy old mustard plaster.

Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

You will feel a warm tingle as it enters the pores, then a cooling sensetion that brings welcome relief.

## Wife of Famed Tammany Chief

A rare picture this, for it shows Mrs. Richard Croker, wife of the late "Dick" Croker, who bossed Tammany Hall at the peak of its power. She, who once fought and won a legal battle launched to deprive her of the politician's fortune, here is shown at Palm Beach, Fla., with her nephew Jimmy Turnage Croker.

## Red Headed and Rough

# Growing Children

sometimes require a tonic as do their elders \*

GIVE your child the right chance to develop, and you will not regret it in later years. Many children become under-nourished due to lack of appe-

tite. Keep the appetite keen. Food nourishes the body and makes it grow. Also watch Nature's warning

for changes in the system. Skin troubles—pimples, boils and that sallow complexion—all foretell a body weakness.

In such cases, S.S.S. is the proper tonic. It improves the appetite; helps Nature build rich, red blood cells—those vital-

izing elements in the blood that build and sustain the body. In building rich, red blood cells, S.S.S. improves the proc-esses by which the body is nour-ished.

For more than 100 years S.S.S. has been helping children

All drug stores sell S.S.S. in two sizes. Get the larger size. It is more economical. The physical welfare of the child is being given more attention by school authorities. Failure to keep up with class work and absence from school is probably due to a nerveusness and rundown condition that may be largely attributed to a deficiency in red blood cells.
